INTRO D F# | Bm G | D F#7 | Bm G

VS 1 God chose to give the flowers petals

And knows to give the birds their feathers

His creatures never worry whether they will be clothed

He fills them with the proper fillers (True!)

He knows that birds like caterpillars (Ew!)

God is the first and best of givers. He always knows and so we know

CH God will give us everything we need

Clothes to wear, food to eat, love to share, and air to breathe

God is full of generosity; and so we know we want to be

Givers like God, givers like God

VS 2 A grateful heart will not be greedy. God gives us all we need so freely

So when we see somebody needy, we want to share

If we've received the gift of heaven (Yes!)

We have received the greatest blessing (Blessed!)

O Spirit, help us learn this lesson: the riches there can't be compared

BR We see something and we love it, crave it and we covet, and that's not right

It's so much better to consider the joy of being givers like Jesus Christ
