

KNOW YOU

VERSE 1 Come and shine Your Spirit's light
 Upon darkened eyes
 Once again reveal Your majesty
 May I behold the splendor of
 The great redeeming Lamb
 The One whose wondrous grace possesses me
 Lord how I am longing

CHORUS 'Cause I want to know You
 And the love that passes comprehension
 Know You and the power of the Cross
 I want to know You
 And the glory of Your resurrection
 Lord I'm crying out for more of You

VERSE 2 Come and open up my ears
 To hear Your glorious truth
 Lord Your words are my soul's very life
 For I consider everything in this world as loss
 Compared to You my treasure and delight
 Lord how I am longing
