

SONG OF THE LAMB

VERSE 1 Long ago before You made the stars above
 You set Your everlasting love on us
 And Your love endures
 With tender chords
 You drew us who had strayed so far
 And like a might warrior stormed our hearts
 Until we were Yours, so

CHORUS We will sing this song of gladness
 Lift our hearts and holy hands
 We will sing to You who loved us
 We'll sing the song of the Lamb
 We'll sing the song of the Lamb

VERSE 2 All our sins have made a chasm deep and wide
 We could never reach the other side
 Till You came to save
 O glorious God, emptied to become like us
 A humble servant taking up a cross
 To pour out Your grace, so
