

# ALL THAT I NEED

- VERSE 1**    In You is strength to sustain me  
                 And wisdom enough to guide my hand  
                 Mercy enough to forgive me  
                 And power to finish what You began
- CHORUS**    All that I need is in You, Jesus  
                 The fountain of grace that overflows  
                 All that I need is in You, Jesus  
                 You are my only hope  
                 You are my only hope
- VERSE 2**    In You is fullness of gladness  
                 And fullness of grace for every need  
                 Rest for the ones who are weary  
                 And beauty surpassing all that we've seen
- BRIDGE**    You satisfy my heart, You satisfy my soul  
                 You satisfy my heart, O help me always know
