

# PRECIOUS CHILDREN

**VERSE 1**    Broken and defiled  
                Clinging to our filth  
                We gloried in our shame  
                Running far from You  
                Still Your mercy sought and saved us

**CHORUS**    Hallelujah  
                We belong to You  
                You have washed our stains  
                And have raised us up with Christ  
                Precious children in Your eyes

**VERSE 2**    You gave Your only Son  
                Your joy and Your delight  
                You nailed Him to the cross  
                You crushed Him for our sin  
                Now You love us like You love Him
