

DEEPEST VALLEY

VERSE 1 You're my peace in deepest valley
When I cannot see the way
When the dread of night surrounds me
And the darkness hides Your face
Christ my Shepherd, You will guide me,
Never leaving me alone
As Your mercies, never ceasing,
Banish fear within my soul

VERSE 2 You're my joy in deepest valley
When my tears are streaming down
When I'm left here brokenhearted
With my knees upon the ground
Yet You fully know my anguish,
Man of Sorrows, God of love
You're my comfort and my portion,
In my loss, You are enough

VERSE 3 You're our hope beyond this valley,
Savior, Brother, Friend, and Lord
How we long to fully see You,
How we long to hear Your voice
Oh, that day when skies are opened,
And our faith is turned to sight
We'll behold our King descending,
Robed in beauty from on high

TAG We will gather round Your table
As Your daughters and Your sons
Sin and sorrow all forgotten,
When Your kingdom finally comes
